

WATERFORD

WOLVERINE

SHOOTING TEAM

January 2016

Thank you for your interest in supporting the Waterford Wolverine Shooting Team. If you elect to make a donation to the team fundraiser, held on February 27th 2016, it will help offset the cost to the tentative 80 plus SCTP (Scholastic Clay Target Program) athletes for the 2016 season. Your contribution channels directly to **student** registration/shoot fees, **student ammunition, student uniforms**, and allows the Board of Directors to contribute to the team's endowment account through the Midway USA foundation. The endowment through Midway USA Foundation matches funding to teams who contribute to their accounts during the 2016 season.

Our Team originated in the spring of 2011 with 25 shooters. Since then, we have grown to become a 2013 SCTP State Trap Varsity Championship Team along with having 84 6th -12th grade athletes competing during the 2015 season. Our shooters participate in the disciplines of trap, skeet and sporting clays, plus, the international disciplines of skeet, doubles and bunker trap. We continue to provide our shooters the greatest opportunities with the help we receive from individuals like you. Your contribution will support an activity many of these kids can enjoy for the rest of their lives. We may even create an opportunity for one of our shooters to reach the ultimate goal, the Olympics.

Our program is unique for the fact this one fundraising opportunity offsets two thirds of the costs to our participants, thus turning an expensive sport into an affordable one for nearly any interested youth shooter in the Waterford community. Without your donation, many of our nearly 80 participants would not be able to participate as a member of the team.

Since our program is a non-profit 501(c)(3) tax exempt corporation, your donation is tax deductible. Please consider the chance to support the Waterford area students, as we continue to provide quality programming and opportunities by making either a monetary or gift donation to our fundraising event.

The Waterford Wolverine Shooting Team sets future goals of program growth and increased youth participation. Donations like yours make this goal a reality....thank you. We look forward to a continued partnership with you.

Best regards from the Waterford Wolverine Shooting Team board members.
